(TSX:DBO), a leader in innovative motion technology, announced today that it has completed a non-brokered private placement with Gold-Finance (Canada) Asset Management Limited by issuing 11,111,111 units at a price of \$0.45 per unit, for gross proceeds to D-BOX of \$5.0 million. “We are very pleased that Gold Finance has joined the ranks of D-BOX investors,” said Claude Mc Master, President and Chief Executive Officer of D-BOX Technologies. “Over and above this strategic investment, we are very proud to welcome our first high-profile Chinese investor to support the deployment of our motion technology. This investment is designed to enable us to accelerate our growth and strengthen our presence in new markets. China is the world’s fastest growing market for entertainment and considering the inroads we have achieved so far we believe the time is right to accelerate our business development efforts. Gold Finance’s business network and extensive knowledge of the Chinese market will be a major asset for D-BOX to expand aggressively in this growing market,” Mr. Mc Master added.
