

D-BOX AND GALAXY THEATRES BUILD ON THEIR PARTNERSHIP WITH NEW RECLINER SEATS IN LAS VEGAS

Montreal, Quebec, April 4, 2019 – D-BOX Technologies Inc. (D-BOX) (TSX:DBO), the world leader in immersive motion entertainment experiences and Galaxy Theatres, a fully integrated movie theatre company, have signed another agreement to install recliner motion seats in their brand new state-of-the-art theatre in Boulevard Mall in Las Vegas.

This brings the total number of D-BOX screens with Galaxy to seven with the first screen having been installed in Cannery Theatre in North Las Vegas back in 2009.

D-BOX is widely recognized as the pioneer of immersive motion technology having launched the unique experience 10 years ago. Today, the worldwide organization has become the go-to immersive experience for Hollywood blockbusters, video games, racing simulators, virtual reality applications, themed entertainment venues, and more.

“As a long-time partner and one of the first chains to believe in the full potential of D-BOX ten years ago, we are extremely proud to collaborate with Galaxy Theatres once again,” states Claude Mc Master, President and CEO for D-BOX. “Their long-running commitment to provide a first-class entertainment experience fits well with our high-fidelity immersive motion systems.”

Las Vegas is a city known for its world-class entertainment, so it only makes sense that we include D-BOX in our new Luxury+ theatre at the Boulevard Mall,” adds Rafe Cohen, Galaxy Theatres president. “Their immersive technology has a well-deserved global reputation and will play a major role in our efforts to offer citizens and tourists of this great city a best-in-class theatrical destination.”
